EXTRACT FROM DAILY LOG OF CLARK COMMITTEE ACTIVITIES FOR 8 Nov 54:

General Cabell, having seen the BIC exhibit in R&S Building of CIA production, called me to say that he thought that General Christiansen and the CIA Task Force would benefit greatly if they saw the exhibit which had been dismantled at noon today. I called Colonel Baird and asked him whether much of an effort went into assembling the exhibit and he said that it required a full day's work on the part of several people and suggested that the Committee be asked to look at the exhibit at the next intelligence course which he thinks will be on the 6th of December.
